Place: Mission San Miguel, San Miguel, CA

Time: 10:00 am.

Approximate Tour Time: Six to eight hours.

Itinerary

Northeast of Paso Robles lies a bicycling and wine tasting region that features quiet country roads and plenty of small, friendly wineries that boast award winning red wines. Our full day cycling tour of Paso Robles starts at the historic Mission San Miguel before winding down a peaceful road by the Salinas River and passing Hearst Ranch Winery. Later in the morning we climb a short hill into the heart of the Paso Robles winery region and pass by San Antonio and Le Vigne wineries before stopping for a gourmet picnic lunch at J. Lohr. In the afternoon, we zigzag along picturesque roads back to the mission and there are ample opportunities to extend the mileage by exploring even further east into canyon and ranch country. On the extended options you'll have opportunities (depending on day of the week) to taste at Riverstar, Graveyard, Ranchita Canyon, Villa San Juliette and Locatelli.

Distance/Difficulty/Terrain: 22 miles with options to add from 3 to over 20 miles. Moderately Easy. Mostly relatively level terrain with some hills. Longer options are hillier.

Climate / Weather

Spring and fall weather in the Paso Robles area is usually warm and dry, with highs often in the 70s and 80s. Summer temperatures can be quite hot, especially in the afternoons, with some days above 100 degrees. Winter temperatures are usually colder with chances of frost in the morning and some days having highs only near 50 degrees. There is also a greater chance of rain in the winter. Year round, morning temperatures are usually significantly cooler than afternoon high temperatures.
