Meeting Place / Time

Place: Mission San Miguel, San Miguel, CA

Time: 10:00 am.

Approximate Tour Time: 7 to 8 hours.

Itinerary

Northeast of Paso Robles lies a bicycling and wine tasting region that features quiet country roads and plenty of small, friendly wineries that boast award winning red wines. Our full day bicycling trip of the Paso Robles wine country starts at the historic Mission San Miguel before winding down a peaceful road by the Salinas River and passing the understated elegance of [Hearst Ranch Winery](#). Later in the morning we climb a short hill into the heart of the Paso Robles wine country and enjoy a wonderful lunch at either [Le Vigne](#) or [Riverstar](#). In the afternoon, we zigzag along picturesque roads back to the mission with opportunities to taste at more wineries like the colorful [Via Vega Winery](#) and there are opportunities to extend the mileage by exploring even further east into canyon and ranch country and taste at wineries like [Villa San Juliette](#).

Distance/Difficulty/Terrain: 22 miles with options to add from 3 to over 20 miles. Moderately Easy. Mostly relatively level terrain with some hills on the 22 mile option (total elevation gain/loss = 801 feet). Longer options are hillier.

Climate / Weather

Spring and fall weather in the Paso Robles area is usually warm and dry, with highs often in the 70s and 80s. Summer temperatures can be quite hot, especially in the afternoons, with some days above 100 degrees. Winter temperatures are usually colder with chances of frost in the morning and some days having highs only near 50 degrees. There is also a greater chance of rain in the winter. Year round, morning temperatures are usually significantly cooler than afternoon high temperatures.
