### Itinerary

Unlike heavily impacted Napa and Sonoma, the Paso Robles wine country has plenty of small, friendly wineries featuring award winning red wines as well as many relatively level roads with light traffic. Our wine country bicycle tour begins east of Paso Robles along a scenic road next to the Salinas River, passing bucolic ranches. A short climb away from the river brings you into the heart of Paso Robles wine country, where you have chances to taste at J. Lohr and Le Vigne wineries while enjoying expansive views of the surrounding vineyards. The tour finishes with a complimentary wine tasting and [gourmet picnic lunch](#) at San Antonio Winery Paso Robles tasting room. Depending on day of the week and options taken, you may also visit Hearst Ranch Winery, Riverstar and Via Vega. This bicycle tour of the Paso Robles area provides a great half day of wine tasting and cycling along mostly level roads.

**Distance/Difficulty/Terrain:** 12 miles with an options to add 5 more miles. Moderately Easy. Mostly level with a few short hills on the 12 mile option. Hillier on longer option.

### Climate / Weather

Spring and fall weather in the Paso Robles area is usually warm and dry, with highs often in the 70s and 80s. Summer temperatures can be quite hot, especially in the afternoons, with some days above 100 degrees. Winter temperatures are usually colder with chances of frost in the morning and some days having highs only near 50 degrees. There is also a greater chance of rain in the winter. Year round, morning temperatures are usually significantly cooler than afternoon high temperatures.
